

Homestead Inn Pet policy

We understand your pets are part of the family, so we say, bring them along! Your dogs and cats (maximum of 2 pets to the room) are more than welcome here at the Homestead Inn.

Since the hotel only offers a limited amount of guest rooms, that are designated for pets, we ask you to notify us at time of booking, if you are bringing your pet with you. You can either [register your pet online](#) when making your booking, or print out our [pet reservation form](#) and fax it to the hotel.

When it comes to your pet's comfort, we offer two different packages. Select one of the following options to ensure your four legged family member will have an enjoyable stay with us:

Bed, meal and a treat package

Each pet will be provided with a pet bed, a water dish and a welcome treat! To satisfy your dog or cat's taste we will also provide premium quality food from IAMS or Friskies. For a fee of \$ 25.00 per pet per day we will ensure your pet wants for nothing!

Stay only package

We do understand that for some pets there's no place like home. No bed can be comfier, no food tastes better and no treat can compete with that from home. So for all those pets that prefer to have their usual environment around them, a fee of \$ 15.00 per pet per day will be charged when bringing along all your own food and equipment.

Please be aware

- We only charge the daily fees for the first 5 days. If you and your pet are staying longer, we waive the charge for the additional days (up to 14 days).
- Local by-law requires all pets to be on a leash when outside. The hotel has a small grassy area adjacent to the hotel for "when nature calls". Small bags are available from the Front Desk.
